Ohio Mental Health & Addiction Services and The PEER Center present

Peers as Professionals:

Living with the Stigma of Mental Health, Addiction and/or Trauma in the Professional Workforce Environment

Are you a working professional who also lives with mental illness, addiction, and/or trauma? Do you have concerns or questions about how to balance your role as both a consumer/peer and a professional in the workplace? This training is being offered to help connect these two realities and provide vital tips on how to educate your coworkers and keep your recovery goals in mind.
