

“Clinical Practice Change: Coding & Documentation for Behavioral Health Providers 2016”

Presented by Diane E. Zucker, M.Ed., CCS-P

August 25, 29 and September 12, 2016

Crowne Plaza Columbus North-Worthington – Columbus, Ohio

The Ohio Council, in partnership with OhioMHAS, is pleased to offer “Clinical Practice Change: Coding & Documentation for Behavioral Health Providers 2016” training on August 25, 29 and September 12, 2016 at the Crowne Plaza Columbus North-Worthington in Columbus, Ohio. The program will be presented by Diane E. Zucker, M.Ed., CCS-P.

If you are seeking a deep dive into the world of coding and documentation that helps prepare your organization to survive and thrive using the new service coding structure, implement clinical practice change, create effective clinical documentation, and design billing structures to support these changes, this training is for you!

Based on provider feedback, these FULL DAY training events will cover the essential elements of coding and documentation as well as offer ample time to discuss clinical practice change, review practical examples, and promote interaction to answer your questions.

AGENDA (Registration: 8:30AM; Program 9:00AM – 4:30PM)

- I. Introduction to the CPT code changes that occurred in 2013 for psychiatry/behavioral health/addiction medicine and process now 3 years later the implementation by the State of Ohio Medicaid program and standard documentation process (EMR)
 - This will identify how time is changing for this process
 - Stress importance of complexity and medical decision making
 - Identify the “who” of service provision
 - Importance of documentation and correct diagnoses coding (ICD 10 not DSM 5)
- II. A detailed review of the structure for CPT coding for psychiatry/behavioral health/addiction medicine with review of code for initial assessment, structure for psychotherapy, medication management and interactive complexity
 - This will review both the E&M codes for these services as well as refer participants to the HCPCs codes related to specific types of service providers
- III. Review of the components for initial evaluations whether by the 90791, 90792 or E&M coding of codes
- IV. Review of interactive complexity
- V. A review of coding and documentation for psychotherapy services with and without E&M services and delineation of time documentation
- VI. A review of the basic E&M guidelines by place of service (office/outpatient/clinic) and the basic components of each location and service level for physicians and mid-level provider use
 - Detailed of history, exam and medical decision making common to all locations
 - Clinic based process/office codes – examples
 - Review of what “modifiers” are in behavioral health

Note: Breaks will be scheduled at 10:30AM – 10:45AM and 2:30PM – 2:45PM. Lunch will be served 12:00 Noon – 1:00PM.

WHO SHOULD ATTEND

Chief executive officers, clinical directors, service and program managers, licensed clinical staff, and fiscal & billing staff. Training is open to all provider organizations within the behavioral health and family services field.

PROFESSIONAL CONTINUING EDUCATION

This program will enable attendees to understand the documentation requirements for coding and be able to implement changes in their process to assure correct coding. The program will include lecture as well as review of actual documentation of care to assist the learning process in identification of supportive documentation for coding.

Learning Objectives:

1. The attendee will understand the components of the CPT codes specific to psychiatry/behavioral health/addiction medicine codes and be able to identify the components of a note for coding purposes.
2. The attendee will be able to identify the elements that support the coding for interactive complexity.
3. The attendee will be able to identify the elements that support the coding for psychotherapy/behavioral health counseling.
4. The attendee will be able to identify the elements that support the E&M services including history, exam and medical decision making.
5. The attendee will be able to identify the elements specific for levels of care based on location.
6. The attendee will be able to identify documentation that supports psychotherapy and E&M services.

CEU's have been approved for Social Workers & Counselors (RCS058802). MCE's have been approved for Psychologists (310951018). The Ohio Council of Behavioral Health & Family Services Providers is approved by the Ohio Psychological Association-MCE Program to offer continuing education for psychologists. The Ohio Council, #310951018, maintains responsibility for the program. Recognized Clock Hours (RCH;s) for Chemical Dependency Professionals have been applied for. CPE's have been approved for Accountants by the Accountancy Board of Ohio (CPE.248).

REGISTRATION

Registration fee is \$50 per individual and includes a light continental breakfast, lunch and training materials. Hotel parking is free! For online registration, please [click here](#) or visit the Ohio Council's website at www.theohiocouncil.org. Deadline for registrations is as follows: August 22nd (for the 8/25 training), August 24th (for the 8/29 training), September 7th (for the 9/12 training). No refunds will be made after these dates. However, substitutions are welcome. For "no shows" who pre-register and do not pay, a \$25 service fee will apply.

Make checks payable and mail along with a copy of the electronic registration form to:

The Ohio Council of Behavioral Health & Family Services Providers
35 E. Gay Street – Suite 401
Columbus, Ohio 43215-3138
