More information: The [Ohio Suicide Prevention Foundation](#), with funding from SAMHSA's Garrett Lee Smith Grant, has partnered with [Kognito](#) to provide free professional development resources to Ohio educators, school staff, and institutions of higher education.

What are the resources? Kognito creates online, interactive simulations that allow learners to prepare for challenging conversations in multiple settings (education, higher education, health, etc.) The resources available for Ohio include:

- [***Step In, Speak Up***](#): For educators/school staff in grades 6-12, addressing anti-LGBTQ harassment and suicide prevention.
- [***LGBTQ on Campus for Students***](#): A cultural competency program for higher ed students about LGBTQ identities, and how to better support their fellow students.

How much do these cost? These resources are provided for FREE in Ohio through Garrett Lee Smith grant funding.

Where can I get more information? We will be hosting a webinar with more information on these resources, how to access them, and how to spread the word on Wednesday, May 25.
