

Problem Gambling

IT'S PREVENTABLE, IDENTIFIABLE AND TREATABLE

Save This Date!
Tuesday, November 1, 2016
Top Of The Market - Downtown Dayton

Please join us for a **FREE** day-long symposium featuring
two national problem gambling speakers.

Dr. Heather Chapman (PhD, NCGCII, BACC) - Louis Stokes Cleveland VA Medical Center
Michael Buzzelli (MA, MPH, OCPSA) - Recovery Resources

Both will share their vast knowledge on problem gambling and prevention.
This event includes free breakfast and lunch

Topic areas include:

- 1) Prevalence of gambling activities nationally and locally
- 2) Normalization of gambling in society
- 3) Why do people gamble?
- 4) Problem gambling prevalence
- 5) Why do people develop gambling problems?
- 6) How problem gambling is related to other addictive behaviors
- 7) Problem gambling prevention efforts
- 8) Problem gambling treatment options
- 9) Support for the problem gambler and their loved ones

This symposium is geared towards the general public,
as well as professionals in the field. Professions include (but are not limited to):

Social workers
Prevention Specialists
Counselors
Mental health specialists
Alcohol and drug treatment providers

6.5 CEUs for Counselors, Social Workers and Chemical Dependency Professionals (C7) have been approved for this training. CEUs for Prevention Professionals are currently pending.
