

OHIO COALITION ANNUAL STATEWIDE CONFERENCE

SPONSORED BY OHIO COALITION FOR THE EDUCATION
OF CHILDREN WITH DISABILITIES

When planning for the instructional needs of individuals with various disabilities, we must recognize our responsibility as the “avenue to the experience” in making the learning/teaching criterion meaningful. This presentation will present strategies to assist in the development, selection, and implementation of various intervention techniques, as well as “frameworks” to help determine chronological, age appropriate activities, that are purposeful and learner specific.
