Introduction

Allocations made by these Allocation Guidelines are distributed in the following ways:

1. Attachment 1 describes allocations to each Alcohol, Drug Addiction and Mental Health/Community Mental Health/Alcohol and Drug Addiction Services (ADAMH/CMH/ADAS) board by funding source that may be disbursed based only on the authority of these allocation guidelines. These funds are subject to the conditions described in the allocation guidelines and the underlying statutes. Funds will be available in July 2015 for quarterly disbursement. General Revenue Funds (GRF) in Appropriation Line Items (ALI) 406, 421, 422, ALI 629 Problem Gambling and ALI 614 Federal Mental Health Block Grant Base will be automatically distributed to each ADAMH/CMH/ADAS Board. Payments will be distributed by the end of the first month of each quarter.

2. Attachment 2 lists out the quarterly amount of SAPT board allocation by program for SFY 2016. As you recall, the department is in the midst of a six-quarter funding realignment process which will be finished halfway through the fiscal year. As a result, the quarterly amount is different for the first two quarters from the last two. This attachment will help boards accurately plan by giving the exact expected disbursement for each quarter.

3. Any changes in the intended purpose of expenditures for SFY 16 as described in these allocation guidelines must be pre-approved in writing by OhioMHAS.

4. Eligibility to receive the following funds is limited to ADAMH/CMH/ADAS boards having an approved community plan, budget, and statement of services pursuant to ORC Chapters 340 and 5119; additionally, fund recipients must have submitted an original signed Agreement & Assurances:

- ALI 406 GRF Prevention & Wellness
- ALI 421 GRF Continuum of Care
- ALI 422 GRF Forensic Monitoring
- ALI 422 GRF Forensic Centers
- ALI 629 Fund 5JLO Problem Gambling and Casino Addictions
- ALI 614 Federal Fund 3A90 Block Grant Base (Mental Health)
- ALI 612 Federal Fund 3A70 Social Services Block Grant (Title XX)
- ALI 618 Federal Fund 3G40 Block Grant Treatment, Prevention, Youth Led, DYS Aftercare (AoD), and Adolescent Treatment
Appropriation Line Item: 406 Prevention & Wellness
Program Name: Per Capita Prevention Allocation

Purpose:
Prevention focuses on preventing or delaying the onset of behavioral health problems (e.g. substance use, addiction, and problem gambling). Prevention services are a planned sequence of culturally appropriate, science-driven strategies intended to facilitate attitude and behavior change for individuals and communities. These services do not include clinical assessment, treatment or recovery support services.

The purpose of these funds is to provide funding to area providers through boards to support the development and implementation of a comprehensive array of primary prevention interventions to meet the needs of communities. The OhioMHAS prevention continuum of care taxonomy provides the guidelines for the delivery of this service array. OhioMHAS prevention allocation shall be used by the boards consistent with approved community plans and budgets. Strategies should be selected based on the assessment of needs, resources and readiness conducted as part of the community planning process to ensure funded prevention interventions will address community risk and protective factors that either complicate or mitigate substance use and other risk behaviors.

Eligibility: Eligibility to receive GRF 406 funding is limited to ADAMH/CMH/ADAS boards having an approved community plan pursuant to ORC Chapters 340 and 5119

Note: This section represents only the GRF portion of the AoD prevention funds.

Amount: $868,659 (GRF ALI 406)

Reimbursement Form: Automatic quarterly distribution

Distribution: See Attachment 1

Office and Lead: Office of Prevention and Wellness, Molly Stone – Molly.Stone@mha.ohio.gov

Reporting: All prevention funds must be accounted for in the “Proving Ohio’s Prevention Success” (POPS) online grants management system and all required reports must be completed by set deadlines.
Appropriation Line Item: 421 Continuum of Care
Program Name: Mental Health Portion

Purpose:
This line item is to be used to assist people or fund services for those not eligible for Medicaid reimbursement. Examples of such services can be found in ORC 340.03 (A)(11):

Establish, to the extent resources are available, a continuum of care, which provides for prevention, treatment, support, and rehabilitation services and opportunities. The essential elements of the continuum include, but are not limited to, the following components in accordance with section 5119.21 of the Revised Code:

a) To locate persons in need of addiction or mental health services to inform them of available services and benefits;  
b) Assistance for persons receiving services to obtain services necessary to meet basic human needs for food, clothing, shelter, medical care, personal safety, and income;  
c) Addiction and mental health services, including, but not limited to, outpatient, residential, partial hospitalization, and, where appropriate, inpatient care;  
d) Emergency services and crisis intervention;  
e) Assistance for persons receiving services to obtain vocational services and opportunities for jobs;  
f) The provision of services designed to develop social, community, and personal living skills;  
g) Access to a wide range of housing and the provision of residential treatment and support;  
h) Support, assistance, consultation, and education for families, friends, persons receiving addiction or mental health services, and others;  
i) Recognition and encouragement of families, friends, neighborhood networks, especially networks that include racial and ethnic minorities, churches, community organizations, and community employment as natural supports for persons receiving addiction or mental health services;  
j) Grievance procedures and protection of the rights of persons receiving addiction or mental health services;  
k) Community psychiatric supportive treatment services, which includes continual individualized assistance and advocacy to ensure that needed services are offered and procured.

Amount: $51,491,524

Reimbursement Form: Automatic quarterly distribution

Distribution:
The allocation method for this line item is the same as it was for SFY 15.

Office and Lead: Office of Financial Management, Daniel Schreiber and Michele Sherman – Daniel.Schreiber@mha.ohio.gov and Michele.Sherman@mha.ohio.gov
Appropriation Line Item: 421 Continuum of Care
Program Name: AoD Portion

Purpose:
The goal of this program allocation is to ensure local access to quality and cost effective alcohol and other drug treatment services based on community needs. At the local level, the Alcohol, Drug Addiction and Mental Health Services/Alcohol and Drug Addiction Services (ADAMHS/ADAS) boards identify needs, establish priorities and set targets.

This funding should be utilized consistent with the goals and priorities identified in the approved ADAMHS/ADAS boards' community plan, which is the application for funding from the department.

This line item is to be used to assist Ohioans or to fund services for those not eligible for Medicaid reimbursement. Examples of such services can be found in ORC 340.03 (A)(11):

Establish, to the extent resources are available, a continuum of care, which provides for prevention, treatment, support, and rehabilitation services and opportunities. The essential elements of the continuum include, but are not limited to, the following components in accordance with section 5119.21 of the Revised Code:

- a) To locate persons in need of addiction or mental health services to inform them of available services and benefits;
- b) Assistance for persons receiving services to obtain services necessary to meet basic human needs for food, clothing, shelter, medical care, personal safety, and income;
- c) Addiction and mental health services, including, but not limited to, outpatient, residential, partial hospitalization, and, where appropriate, inpatient care;
- d) Emergency services and crisis intervention;
- e) Assistance for persons receiving services to obtain vocational services and opportunities for jobs;
- f) The provision of services designed to develop social, community, and personal living skills;
- g) Access to a wide range of housing and the provision of residential treatment and support;
- h) Support, assistance, consultation, and education for families, friends, persons receiving addiction or mental health services, and others;
- i) Recognition and encouragement of families, friends, neighborhood networks, especially networks that include racial and ethnic minorities, churches, community organizations, and community employment as natural supports for persons receiving addiction or mental health services;
- j) Grievance procedures and protection of the rights of persons receiving addiction or mental health services;
- k) Community psychiatric supportive treatment services, which includes continual individualized assistance and advocacy to ensure that needed services are offered and procured.

Amount: $5,347,325

Reimbursement Form: Automatic quarterly distribution

Distribution: The allocation method for this line item is the same as it was for SFY 15.

Office and Lead: Office of Financial Management, Daniel Schreiber and Michele Sherman – Daniel.Schreiber@mha.ohio.gov and Michele.Sherman@mha.ohio.gov
Appropriation Line Item: 421 Continuum of Care
Program Name: Community Investments

Purpose:
The overall purpose and intent of the funding is: to provide subsidized support for medications to treat mental illness and/or addiction of indigent citizens of a community, to reduce unnecessary hospitalization because of the inability to afford the required medication and to provide subsidized support for methadone and other medications used to treat opiate addiction. These funds can also be used to provide funding for local projects to meet local continuum of care needs.

Eligibility:

1. Boards must be authorized by OhioMHAS for receipt of methadone allocations.
2. The community medication allocation is made to ADAMH/CMH/ADAS boards. The board will determine allocations for medication needs to treat mental illness and/or addiction to eligible providers.
3. Boards will be responsible for the approval of any application made by a provider for first-time allocation, with such allocation being made within the board’s total allocation.
4. Client eligibility for subsidized support for psychotropic medication should factor in income and client characteristics. In order to receive Central Pharmacy medications, clients must be:
   a. Adults with a severe mental disability (SMD) or children/adolescents with a serious emotional disturbance (SED); or
   b. At risk of hospitalization if medications were discontinued; or recently released from a mental health inpatient, residential treatment facility, jail or prison (within a three month period prior to eligibility determination).
5. Funds may also be used to provide subsidized support for board specific projects.

Boards and their contract agencies should establish a method to determine those persons most in need. This method must include the identification of persons eligible for third-party reimbursement.

Distribution:

1. OhioMHAS continues to provide more flexibility in this GRF allocation with the recognition that increased enrollment in Medicaid means that more individuals have health coverage for needed prescriptions. The Fiscal Year 2016 community investments allocation may be designated by the board to be spread between psychotropic medications, opiate addiction medications, and community projects. All boards must complete the budget request template and participation agreement form found on the OhioMHAS website and also included with these guidelines. Please return the form to Daniel Schreiber, Chief Fiscal Officer, by July 31, 2015.
2. Boards will continue to make purchases through CPO and/or PSC. If purchases exceed the budgeted amount for medications, the boards are responsible for payment to CPO/PSC within 30 days. This is consistent with current practice.
3. Please note that in FY 16, unlike previous years, there will not be a “cash-out” or “carryover” option. Instead, any funding remaining in the medication set-aside at the time of the 4th quarter allocation will be disbursed as part of that final allocation.
The formulary for treatment in the community was expanded in FY 14 to include medications to treat opiate addiction. All boards may designate a portion of their GRF 421 medication funds to be utilized for bulk purchases of opiate addiction medications. Treatment centers will be able to purchase medications such as Suboxone®, Subutex®, and Vivitrol® from the OPS Ohio Pharmacy Service Center (OPSC). Any board must provide to Ohio Pharmacy Services (OPS) (CPO or OPSC) a list of provider agency allocations and contact information for any new customers in order for OPS to establish new customer identification. Any provider of a schedule 2 or 3 controlled substance must have a DEA and a Terminal Distributor License. A copy of the license must be sent to Ohio’s Pharmacy Service Center.

Methadone allocations will continue to be provided to eight ADAMH boards and will be the same as SFY 15 allocations (see attachment 1). The total methadone allocation is ($252,288).

**Note:**

Please submit **provider allocations** for community medication allocation no later than July 31, 2015, to:

Tracie Taylor, Pharm D, R Ph
Ohio Pharmacy Services
2150 West Broad Street Columbus, OH
43223-1200
Tracie.Taylor@mha.ohio.gov

Each board must also fill out a budget template and form that indicates the amount of funding that shall be allocated for pharmaceuticals and an amount used at local board discretion. Templates and instructions are available at [http://mha.ohio.gov/Default.aspx?tabid=147](http://mha.ohio.gov/Default.aspx?tabid=147).

**Amount:** $14,898,706 plus $252,288 for methadone

**Office and Lead:** Ohio Pharmacy Services, Tracie Taylor, Pharm D, R Ph; Fiscal Officer, Sue Griffith - Tracie.Taylor@mha.ohio.gov and Sue.Griffith@mha.ohio.gov. Chief Fiscal Officer Daniel Schreiber – Daniel.Schreiber@mha.ohio.gov
**Appropriation Line Item:** 422 Criminal Justice Services  
**Program Name:** Community Designated Forensic Evaluation

**Purpose:**  
Community Designated Forensic Evaluation Centers funding shall be used by the Department of Mental Health and Addiction Services to provide forensic evaluation services to courts of common pleas, general division. Funds shall be allocated through Alcohol, Drug Addiction and Mental Health/Community Mental Health (ADAMH/CMH) Boards to certified community agencies/providers and shall be distributed according to the criteria delineated in rule 5122-32-01 of the Administrative Code.

Agencies providing forensic evaluation services for the courts of common pleas, general division pursuant to Section 2945.371 of the Ohio Revised Code, and certified by OhioMHAS according to the provisions of Administrative Rule 5122-32-01, “Designated Forensic Evaluation Centers,” are eligible to apply through ADAMH/CMH Boards for 422 funding according to the provisions of rule 5122-32-01.

This allocation was developed to provide, through a system of certified community forensic evaluation centers, forensic evaluations of defendants to determine “competence to stand trial” and/or “sanity at the time of the offense” for courts of common pleas, general division.

These funds are also used to provide non-secured status evaluations as required by Section 2945.401(D) of the Ohio Revised Code. OhioMHAS regional psychiatric hospitals request non-secured status evaluations from the local forensic centers for all persons found “Not Guilty by Reason of Insanity” and/or “Incompetent to Stand Trial-Unrestorable” who are held under criminal court jurisdiction when the regional psychiatric hospital recommends termination of court commitment or the first of any non-secured status (unsupervised, off grounds movement, trial visit, or any conditional release). ALI 422 funds are not intended for services to courts or agencies other than courts of common pleas general division and OhioMHAS regional psychiatric hospitals, with the exception of providing, to the extent possible, technical assistance, training and consultation to ADAMH/CMH Boards, providers and courts on matters relating to serving forensic consumers and implementation of a locally managed forensic service system.

**Distribution:**  
Funding is allocated according to a formula that includes the following factors: number of evaluations completed, population, and the geographic size of the catchment area.

**Note:** For SFY 2016, the Forensic Evaluation Centers allocation was increased by $350,000 from SFY 2015.

**Amount:** $2,979,381

**Reimbursement Form:** Automatic quarterly distribution

**Office and Lead:** Forensic Services, Robert Baker – Robert.Baker@mha.ohio.gov
Appropriation Line Item: 422
Criminal Justice Services
Program Name: Community Forensic Risk Management and System Development

Purpose:

These funds are allocated to ADAMH/CMH Boards that are currently providing monitoring services to maintain a unified forensic monitoring and data tracking system as required by Section 5119.29 of the Ohio Revised Code, following the OhioMHAS guidelines regarding the forensic monitor’s roles and responsibilities, performing community risk assessment/management protocols and reporting data to the web-based Forensic Tracking and Monitoring System. In addition, those ADAMH/CMH Boards that are not monitoring anyone received a small amount of funds to perform risk management, diversion or re-entry activities.

A year-end report on SFY 2016 ALI 422 funds will be due to the Department of Mental Health and Addiction Services, Bureau of Forensic Services, on or before September 10, 2016. The report must include the following:

1. Agency that provided the forensic monitoring services and received the funding;
2. Amount of administrative costs utilized by the board from these funds;
3. Number of individuals monitored for the fiscal year; and
4. Any forensic programs/tasks specific to the points above that were implemented with related outcomes
5. For those ADAMH/CMH Boards that do not have individuals being monitored, the report must describe the activities or services related to risk management, diversion, or re-entry from jails or hospitals.

Distribution:
A base amount of $3,518 is allocated to each board. This is based upon a review of the SFY 15 allocations, which had a minimum of $3,518 allocated for each board. The remaining funds were divided proportionately among the boards based on the total number of people residing in the board area that were on conditional release. All boards receive an additional $2,200 from the federal Mental Health Block Grant.

NOTE: Total funds available for the Community Forensic Risk Management and System Development for SFY 2016 are $614,833 from GRF ALI 422 and $110,000 from Federal Mental Health Block Grant ALI 336614 for a total of $724,833. Those ADAMH/CMH boards that are not currently monitoring individuals receive funding in order to perform risk management, re-entry and diversion activities/services, including hospital and jail for forensic clients.

Amount: $724,833 ($614,833 GRF 422 and $110,000 MHBG)

Reimbursement Form: Automatic quarterly distribution

Distribution: See Attachment 1

Office and Lead: Forensic Services, Robert Baker – Robert.Baker@mha.ohio.gov
Community Allocation Guidelines SFY 2016

Appropriation Line Item: 629
Problem Gambling and Addictions Fund
Program Name: Gambling and Addictions

Purpose:
The purpose of this allocation is to fund prevention, screening and treatment services to those individuals experiencing gambling disorder, and/or other addictions, including those individuals who may be “at risk” for developing these conditions. These funds are to be utilized consistent with the language in the Ohio Constitution Article 15 Section 06.

Allocations from the Problem Gambling and Addictions Fund will be distributed quarterly to ADAMH/ADAS Boards. The funds are expected to be used in the community with 60 percent directed toward problem gambling prevention and 40 percent for identification and treatment of gambling disorder and other addictions. The Ohio Problem Gambling Survey fielded in 2012 indicated that resources should primarily be used for prevention and education related to problem gambling at this time. However, it is possible for a board to request a waiver from the department to use the Problem Gambling and Addictions Fund dollars in different percentages (waiver requests should be emailed to Stacey.Frohnapfel@mha.ohio.gov). Please note that treatment services for any Ohioan who presents at a certified addiction treatment provider must be covered by the Problem Gambling and Addictions Fund dollars if there is no other payer source.

To assist boards in planning for services, resources are posted on the OhioMHAS website under problem gambling. Pursuant to ORC 5119.47, all treatment and prevention services provided under programs supported by money in the Problem Gambling and Addictions Fund shall be services that are provided by programs certified by OhioMHAS.

Note:
Each board must file a mid-year (due 1/30/16) and annual (due 9/30/16) report describing the use of the problem gambling funds. Additionally, aggregate data related to clients served should be regularly entered online into the MHAS POPS system for both prevention and treatment services in SFY 16.

Any changes in the intended purpose of expenditures as described in these allocation guidelines must be pre-approved in writing by OhioMHAS.

The department reserves the right to modify these allocations due to changes in department funding as a result of revenue fluctuation in gambling receipts or other like circumstances.

Amount: $3,788,858 ($2,273,317 – Prevention / $1,515,541 – Treatment)

Reimbursement Form: Automatic quarterly distribution

Office and Lead: Chief, Problem Gambling Services Bureau, Stacey Frohnapfel-Hasson – Stacey.Frohnapfel@mha.ohio.gov

Reporting: All prevention and treatment funds must be accounted for in the “Proving Ohio’s Prevention Success” (POPS) online grants management system and all required reports must be completed by set deadlines.
Appropriation Line Item: 614  
Mental Health Services Block Grant (MHSBG)  
Program Name: Federal Block Grant Base to ADAMH/CMH Boards – CFDA 93.958

Federal fund distributions to Ohio are subject to change without advance notice. In the event of federal changes, allocations to boards may also change.

Purpose:  
The purpose of Block Grant funds is to provide services and programs for adults with serious mental illness (SMI) and children and youth with serious emotional disturbance (SED) by appropriate, qualified community mental health providers or programs, as well as related prevention activities. These programs may include community mental health centers, child mental health programs, psychosocial rehabilitation programs, mental health peer-support programs and mental health primary-consumer directed programs as described in Ohio’s Community Mental Health Block Grant Plan. SAMHSA prioritizes treatment of youth/young adults with First Episode Psychosis with set asides in this grant and children with SED. Also, planning, data collection and evaluation expenditures directly related to these programs and services are allowable.

These federal funds are distributed to states by the Substance Abuse Mental Health Services Administration (SAMHSA). SAMHSA promotes integration of substance abuse and mental health services, as well as integration of behavioral health services with primary care. Additional changes increase fiscal accountability by adding client-level reporting of services funded by MHSBG, which include reporting admission, updates, discharge and demographic data in the OH-BH.

OhioMHAS Priorities for Block Grant Base - OhioMHAS requests that ADAMH/CMH Boards use these funds for:
- children with serious emotional disturbance (SED);
- adults with serious mental illness (SMI)
- housing;
- reentry of offenders with SMI and/or SED;
- crisis intervention;
- employment;
- peer services and supports;
- other best practices

SAMHSA Strategic Initiatives - Additionally, OhioMHAS encourages ADAMH/CMH Boards to consider initiatives when budgeting these funds:
- Prevention of Substance Abuse and Mental Illness
- Health care and health system integration
- Trauma and Justice
- Recovery Support
- Health Information Technology
- Workforce Development
Mental Health Services Block Grant (MHSBG) (continued)

Prohibited Expenditures: Federal Mental Health Block Grant funds may not be used to:

1. Provide inpatient services;
2. Make cash payments to intended recipients of health services;
3. Purchase or improve land, purchase, construct, or permanently improve (other than minor remodeling) any building or other facility, or purchase major medical equipment;
4. Satisfy any requirement for the expenditure of non-Federal funds as a condition of the receipt of Federal funds;
5. Provide financial assistance to any entity other than a public or nonprofit entity;
6. Fund research (funds may be used for evaluation of programs and services);
7. Supplant activities funded by the SAMHSA Mental Health Transformation Infrastructure Grant; and
8. Fund lobbying activities intended to influence the Ohio Legislature or Congress.

Amount: $7,500,000

Reimbursement Form: Automatic quarterly distribution

Distribution: See Attachment 1
Prevalence (45%), Population (20%), Poverty < 101% FPL (35%)

Office and Lead: Office of Quality Planning and Research, Liz Gitter – Elizabeth.Gitter@mha.ohio.gov
Appropriation Line Item: 612  
Social Services Block Grant (Title XX)  
Program Name: Title XX - CFDA 93.667

Federal fund distributions to Ohio are subject to change without advance notice. In the event of federal changes, allocations to boards may also change.

Purpose:
Federal Title XX (Social Services Block Grant) funds are awarded to states by the Health and Human Services Department, Administration for Children and Families. OhioMHAS distributes Ohio’s mental health portion of these funds to ADAMH/CMH Boards for the provision of social services to eligible persons within the public mental health system. The federal goals for these funds include:

1. Achieving or maintaining economic self-support to prevent, reduce, or eliminate dependency;
2. Achieving or maintaining self-sufficiency, including reduction or prevention of dependency;
3. Preventing or remedying neglect, abuse, or exploitation of children and adults unable to protect their own interests, or preserving, rehabilitating, or reuniting families;
4. Preventing or reducing inappropriate institutional care by providing for community-based care, home-based care, or other forms of less intensive care; and
5. Securing referral or admission for institutional care when other forms of care are not appropriate, or providing services to individuals in institutions

Distribution: The Community Plan incorporates Title XX terms and conditions. Accordingly, allocations for Title XX are being distributed under the authority of these Allocation Guidelines. See attachment 1.

Mechanics
The following is a summary of the ADAMH/CMH Board responsibilities of the Community Mental Health Title XX Program:

1. Planning for the Provision of Title XX Services
   a. Each ADAMH/CMH Board must submit a Mental Health Title XX Service Profile for each county in its service district. Each profile is a one-page budget which includes planned expenditures and recipients by service and eligibility categories. These profiles are included in the mental health portion of the Comprehensive Social Services Plan, (CSSP) which OhioMHAS submits to the Department of Job and Family Services (ODJFS). ODJFS submits Ohio’s CSSP (Title XX) Plan to Health and Human Services.
   b. ADAMH/CMH Boards were required to submit Title XX Service Profiles by April 15, 2015 for Federal Fiscal Year 2016. Instructions were sent out in February and are available on the OhioMHAS website.

2. Subcontracting for the Provision of Title XX Services
   a. Board/Provider Title XX Contracts are awarded at the discretion of the Board. The method of sub-contracting for the services is also left to the discretion of the Board. The Board may develop a Board/Provider Title XX Contract or may include Title XX services as a component of its Board/Provider Contract.

3. Title XX Allocations
   a. The Title XX Allocations are estimates included in Exhibit A of the Contract and use the same formula as in previous years based on population (40%)
and poverty level (60%) applied to the funds available. The formula to
determine each Board’s Title XX allocation is:
b. Population = Number of People in the Board’s Counties/Number of people in Ohio
c. Poverty Level = Number of People Below Poverty in the Board’s
   Counties/Number of People in Ohio
d. Board Allocation = \{(0.40 \times \text{Population}) + (0.60 \times \text{Poverty Level})\} \times \text{Ohio’s Estimated Title XX}

4. OhioMHAS receives four quarterly Title XX awards from the Ohio Department of Job
   and Family Services (ODJFS) which are usually received in late October, January and
   April and July.
5. ADAMH/CMH Boards will continue to send quarterly draw down requests to
   OhioMHAS. Any changes in federal funding for Title XX will be passed on to
   ADAMH/CMH Boards.
6. Payment Rates
   a. As long as only federally allowable costs, as identified in OMB Circulars A-87
      and A-122, are reimbursed, the payment rates for Title XX services are left to
      the discretion of the board. The board loses its discretion regarding payment
      rates if defined unallowable costs are reimbursed.
7. Eligible Title XX Services
   a. All services that are included in the county’s component of the SFY
      Comprehensive Social Services Plan are eligible to be reimbursed through this
      Contract. All Title XX providers must be certified by the OhioMHAS for the
      services that are billed through the Title XX Program.
   b. New: “Case Management” includes health home service for persons with
      Serious and Persistent Mental Illness effective October 1, 2013 as well as
      Community Psychiatric Supportive Services.
8. Title XX Eligible Recipients
   a. Rules promulgated by the ODJFS, (O.A.C. Section 5101:2-25-07), require
      each County Department of Job and Family Services to include as a part of its
      Title XX County Profile the eligibility criteria for the following Eligibility
      categories:
         i. Income Eligible
         ii. Free Services
         iii. Fee Services
         iv. Without regard to income
   b. Boards and providers may determine the Title XX eligibility of the recipients of
      services.

Amount: $7,409,612

Reimbursement Form: DMH-TXX-013, which is available on the web:

Office and Lead: Office of Quality, Planning and Research (Plan and Pre-Expenditure
Report), Liz Gitter; Office of Financial Management, Michele Sherman (Disbursement of
Funds and Post-Expenditure Report) – Elizabeth.Gitter@mha.ohio.gov and
Michele.Sherman@mha.ohio.gov
Appropriation Line Item: 618
Substance Abuse Prevention and Treatment Block Grant SAPT
Program Name: Community Investments Treatment 4221C– CFDA 93.959

Purpose:
The goal of this program allocation is to ensure local access to quality and cost effective alcohol and other drug treatment services based on community needs. At the local level, the Alcohol, Drug Addiction and Mental Health Services/Alcohol and Drug Services (ADAMHS/ADAS) Boards identify needs, establish priorities and set targets.

This funding should be utilized consistent with the goal and priorities identified in the approved ADAMHS/ADAS Boards community plans, budget, and statement of services.

Distribution: See Attachment 1

Amount: $21,823,969

Reimbursement Form: Automatic quarterly distributions

Appropriation Line Item: 618
Substance Abuse Prevention and Treatment Block Grant SAPT
Program Name: Prevention Per Capita 4253C – CFDA 93.959

Purpose:
Prevention focuses on preventing or delaying the onset of behavioral health problems (e.g. substance abuse, addiction and problem gambling). Prevention services are a planned sequence of culturally appropriate, science-driven strategies intended to facilitate attitude and behavior change for individuals and communities. These services do not include clinical assessment, treatment or recovery support services.

The purpose of these funds is to provide funding to area providers and programs through the ADAMHS/ADAS Boards to support the development and implementation of a comprehensive array of primary prevention interventions to meet the needs of their communities. The OhioMHAS Prevention Continuum of Care Taxonomy provides the guidelines for the delivery of this service array.

OhioMHAS prevention allocation shall be used by the boards consistent with local community plans and approved budgets. Strategies should be selected based on the assessment of needs, resources and readiness conducted as part of the community planning process to ensure funded prevention interventions will address community risk and protective factors that either complicate or mitigate substance use and other risk behaviors.

Distribution: See Attachment 1. The amount each ADAMHS/ADAS Board should spend for prevention is indicated in a separate column. Please note that the amount listed for prevention services is a minimum amount.

Amount: $7,596,980

Reimbursement Form: Automatic quarterly distributions

Office and Lead: Office of Prevention and Wellness, Molly Stone – Molly.Stone@mha.ohio.gov
Office of Financial Management, Daniel Schreiber – Daniel.Schreiber@mha.ohio.gov

Reporting: All prevention funds must be accounted for in the “Proving Ohio’s Prevention Success” (POPS) online grants management system and all required reports must be completed by set deadlines.
Appropriation Line Item: 618
Substance Abuse Prevention and Treatment Block Grant SAPT
Program Name: YOUTH LED PREVENTION 4254D – CFDA 93.959

Purpose:
Youth Led Programming is a comprehensive approach to addressing the emotional and behavioral health of youth and is a sound investment in meaningful youth involvement in community prevention efforts. Youth Led Programs should empower youth emotionally, cognitively, and behaviorally so they can influence social and political systems that affect their lives.

These funds should be used by ADAMHS/ADAS Boards to support youth led programs that utilize the evidence based Youth Empowerment Conceptual Framework which addresses individual and group level change, allows youth to develop a data driven strategic plan and select a problem of focus in their community, then choose an evidence-based strategy to implement. As indicated in the Youth-Led column of the allocation worksheet, each board is to spend a designated amount of per capita prevention on youth-led activities.

Distribution: See Attachment 1

Amount: $179,910

Reimbursement Form: Automatic quarterly distributions

Office and Lead: Office of Prevention and Wellness, Valerie Leach – Valerie.Connolly-Leach@mha.ohio.gov

Reporting: All prevention funds must be accounted for in the “Proving Ohio’s Prevention Success” (POPS) online grants management system and all required reports must be completed by set deadlines.
Appropriation Line Item: 618
Substance Abuse Prevention and Treatment Block Grant SAPT  Program Name: Prevention Services 4253C – CFDA 93.959

Purpose:
Prevention focuses on preventing or delaying the onset of behavioral health problems (e.g. substance abuse, addiction and problem gambling). Prevention services are a planned sequence of culturally appropriate, science-driven strategies intended to facilitate attitude and behavior change for individuals and communities. These services do not include clinical assessment, treatment or recovery support services.

The purpose of these funds is to provide funding to area providers and programs through the ADAMHS/ADAS Boards to support the development and implementation of a comprehensive array of primary prevention interventions to meet the needs of their communities. The OhioMHAS Prevention Continuum of Care Taxonomy provides the guidelines for the delivery of this service array.

OhioMHAS Prevention allocation shall be used by boards consistent with local Community plans and approved budgets. Strategies should be selected based on the assessment of needs, resources and readiness conducted as part of the community planning process to ensure funded prevention interventions will address community risk and protective factors that either complicate or mitigate substance use and other risk behaviors.

Distribution: See Attachment 1

Amount: $1,122,961

Reimbursement Form: Automatic quarterly distributions

Office and Lead: Office of Prevention and Wellness, Molly Stone – Molly.Stone@mha.ohio.gov
Office of Financial Management, Daniel Schreiber – Daniel.Schreiber@mha.ohio.gov

Reporting: All prevention funds must be accounted for in the “Proving Ohio’s Prevention Success” (POPS) online grants management system and all required reports must be completed by set deadlines.
Appropriation Line Item: 618
Substance Abuse Prevention and Treatment Block Grant SAPT
Program Name: DYS AFTERCARE 4224F – CFDA 93.959

Purpose:
The purpose of this funding is to provide intensive services for offenders being released form the state’s juvenile correctional facilities. These services include: assessment and case management provided by Treatment Alternatives to Street Crimes (TASC) programs, substance abuse treatment on demand, drug and alcohol testing and other ancillary services.

Target Populations
The first priority population has been and will continue to be the ODYS parolees. The second priority population is the juveniles who receive a commitment to DYS, but whose sentence is held in abeyance until their completion of a treatment program. The third priority population is those juveniles who are diverted from DYS or a county detention facility. In summary, the priority populations will be as follows:
1. ODYS Parolees;
2. Juveniles whose commitment to ODYS is held in abeyance; and
3. Juveniles who are diverted from ODYS or a county detention facility without a Commitment

Reporting Requirements
OhioMHAS requires annual progress and expenditure reports. Progress reports include clients served and services provided with these funds. The SFY 2016 reporting requirements and instructions will be made available on the OhioMHAS website.

Distribution: See Attachment 1

Amount: $1,564,124 (SAPT BG 3G40)

Reimbursement Form: Automatic quarterly distributions

Office and Lead: Criminal Justice and Forensic Services, Jennifer Roach – Jennifer.Roach@mha.ohio.gov
Appropriation Line Item: 618  
Substance Abuse Prevention and Treatment Block Grant SAPT  
Program Name: ADOLESCENT TREATMENT 4221D – CFDA 93.959

**Purpose:**  
The department allocates funding to four county Boards (Butler, Clermont, Lorain and Mahoning) to provide treatment services specifically for adolescents. The adolescent allocation provides funding for outpatient (Assessment, Case Management, Individual/Group Counseling, etc.) and/or residential services. The focus of this allocation is to ensure timely access and quality AoD treatment services to reduce the incidence and prevalence of adolescent alcohol and drug use.

**Distribution:** See Attachment 1

**Amount:** $806,349 (SAPT BG 3G40)

**Reimbursement Form:** Automatic quarterly distributions

**Office and Lead:** Office of Prevention and Wellness, Valerie Leach – Valerie.Connolly-Leach@mha.ohio.gov
