Re: MACSIS End of Life

The MACSIS application that has recently been providing non-Medicaid claims processing has reached its end of life. Due to the upcoming Medicaid redesign work and the prior Medicaid elevation, it has been determined that MACSIS cannot be updated to accommodate the changes needed to remain functional.

MACSIS is currently available to accept new non-Medicaid claims with dates of service through June 30, 2017. During this time, the Boards may continue to utilize MACSIS for non-Medicaid claims entry. MACSIS is also available for maintenance of existing non-Medicaid claims.

Effective July 1, 2017, MACSIS access will only be available for maintenance of existing non-Medicaid claims. On July 1, 2017, MACSIS will only accept non-Medicaid claims with dates of service prior to July 1, 2017. Maintenance of the existing non-Medicaid claims will be available until June 30, 2018.

On July 1, 2018, all Board access to MACSIS will be terminated. The MACSIS data will be archived and added to the MHAS Data Warehouse.
