

ACCESS TO
RECOVERY

Ohio ATR IV Provider Directory 2016

A. What is ACCESS TO RECOVERY?

Access to Recovery (ATR) is a three year competitive \$7,084,767 grant program awarded to the Ohio Department of Mental Health & Addiction Services funded by the Substance Abuse and Mental Health Services Administration (SAMHSA). This initiative provides vouchers to a projected 4,362 adults for the purchase of recovery support services from a cohort of ATR approved providers.

Access to Recovery enhances substance abuse recovery for individual Ohioans by funding a broad array of client-centered, community based services and supports.

SAMHSA's DEFINITION of RECOVERY SUPPORT SERVICES

An array of non-clinical, adjunctive activities, resources, relationships and services designed to provide support and assistance to an individual as they reintegrate into the community, participate in clinical treatment or work to improve overall functioning as they maintain their long-term recovery goals.

Ohio's ATR project is consistent with a recovery oriented system of care model that integrates substance abuse treatment, primary care and recovery support services.

ATR covered services are managed through an electronic Voucher Management System (VMS). The Care Coordination providers enter electronic vouchers into the VMS for covered services. All ATR providers enter reimbursement information into the VMS when services have been provided. OhioMHAS reimburses the ATR provider for authorized services identified on the electronic voucher for services rendered.

OhioMHAS assures provider and participant input through stakeholder discussions, satisfaction surveys, and solicitation of client and staff feedback during site visits.

Participant Choice of Providers

Participants will access recovery support services by going to one of the approved, centralized Access to Recovery Care Coordination sites and completing the enrollment process. This process consists of verifying eligibility, completing the initial GPRA interview, and the identification of service-related needs. Each ATR participant will be assigned a Care Coordinator who will assist them with linkages to all choices made for the provision of services.

Under the terms of the Access to Recovery Program, SAMSHA requires that each participant be ensured “genuine, free, and independent choice of providers for needed recovery support services”. For the purposes of the Access to Recovery Program, choice is defined as “a participant being able to choose from among at least two or more ATR network providers qualified to render the services needed, among them at least one provider to which the participant has no religious objection.”

The federal funding for this grant is discretionary and ongoing funding is based on meeting identified targets and milestones. Further, funding is allocated to the state on an annual basis and will discontinue upon the end of this grant.

Eligibility Criteria for ATR Participants	
Criminal Justice Involved Adults	Active Military/National Guard
<ul style="list-style-type: none"> • Resident of one of the ATR counties (or being released to) • Age 18 or older • A positive screening for a substance use disorder or substance use disorder in remission as evidenced by a bio-social assessment with a diagnosis completed within the past 12 months from the enrollment date. • Income must be 200% or below the federal poverty guidelines. • Criminal justice-involved, living in the community (or being released to the community), may or may not be under supervision, CJ activity within 10 the past years. (Minor or Felony Level) • Currently engaged with an AoD Treatment agency or Specialty Court Docket participant. 	<ul style="list-style-type: none"> • Resident of one of the ATR counties • Age 18 or older • Substance use disorder or substance use disorder in remission • Demonstrated need for ATR covered services. • Not required to have criminal justice involvement

FI Community Housing

FI Community Housing, Inc., is Ohio's largest and oldest Peer Oriented/Peer Operated Recovery Community Organization. We are proud to provide many services to individuals and families facing the challenges associated with a changing economy, homelessness, addiction, mental illness, and life in general. Our mission is to ensure on-going support to those in our community, as well as the Recovery Community as a whole. By providing caring social services to various individuals and their families, FI assist in not only meeting the existential needs of those we serve, but their emotional, mental, and spiritual needs as well. Our housing, social, and supportive services are available to ANY adult, 18 years of age or older, and are not limited to those seeking freedom from substance abuse.

Mature Services

Mature Services provides high-quality programs to empower the economic, social, physical, and mental well-being of adults as they age. Avenues to Recovery is committed to eliminating barriers to recovery for middle age and older adults. We strive to provide professional, specialized, high quality integrated mental health and addiction services that encourage, empower and support adults with these treatable conditions. We advocate that older adults be valued and treated with respect and dignity, without stigma and discrimination due to age and/or the presence of addiction or mental health disorders.

TBD-To Be Determined

Life Essentials

The goal of Life Essentials is to be the community leader in providing professional, person-centered services to enhance the well-being of vulnerable adults. We care for our community's forgotten, those living with mental illness, those who are alone, and those who have no voice. Life Essentials provides unique and specialized programs that enrich lives by educating and inspiring clients to be in charge of their mental and physical health.
