**Berna Bell, Ohio Hospital Association**

When we think of our biennial conference, we honor Berna Bell, who graciously partnered with the Department to facilitate these events. Sadly, Berna passed away in November 2016, but her spirit lives on through her contributions to hospital providers.

Since 1996, she served as Health Policy Analyst and in 2008, as director of Health Policy at the Ohio Hospital Association. Berna pioneered the Violence Free/Coercion Free Learning Community in 1999 and continued the Behavioral Health Work Group for psychiatric inpatient providers, which continues today. Not only was she a relentless advocate for the mental health population and hospital providers, but was also a friend.

We miss her, but her legacy will not be forgotten.
