The purpose of the Summit is to move our systems beyond trauma informed to trauma competence. We are interested in presentations that feature best or promising practices in assessment, treatment, support and collaboration across systems. In particular, presentations about programs and projects that demonstrate collaboration across systems and that can be replicated in any area of the state are desired.

Areas of Focus:

- Mental health and addiction services and supports;
- Developmental disabilities services and supports;
- At risk special populations;
- Programs for persons in inpatient facilities, developmental centers, residential programs; long-term care facilities; and, correctional facilities;
- Programs for persons throughout the lifespan and their families;
- Programs that are in place to support staff in various settings or that address vicarious/secondary trauma; and,
- Becoming a Trauma Competent Organization (i.e. organizational assessment, policy and procedures, use of standardized trauma assessments, provision of evidence based practices, are some examples.

Proposal Guidelines

- Presenter(s) names, titles and credentials
- Lead presenter contact information (address, phone, website)
- Title of workshop as it will appear in the Summit registration
