>>> **New Trauma-Informed Care Videos**

The Ohio Departments of Mental Health and Addiction Services (OhioMHAS) and Developmental Disabilities (DODD) collaborate on a statewide Trauma-Informed Care (TIC) Initiative that acknowledges the role trauma plays in the lives of the individuals served. We are pleased to announce the release of [Perspectives on Trauma and Hope for Healing](#) -- a new video series depicting personal stories of lived experience and resiliency. Working in collaboration with the [six regional TIC collaboratives](#), these videos can provide additional assistance in expanding opportunities for practitioners, facilities and agencies to become competent in trauma-informed practices.

>>> **Joint Study Committee on Drug Use Prevention Education Issues Recommendations**

Ohio House Speaker Clifford Rosenberger (R-Clarksville), Senate President Larry Obhof (R-Medina) and Ohio Attorney General Mike DeWine have released the Ohio Joint Study Committee on Drug Use Prevention Education's [report](#) of recommendations on options for implementing age-appropriate substance abuse education in schools across all grade levels. The study committee concluded that Ohio schools should provide consistent, age-appropriate, evidence-based substance abuse education for all students in Kindergarten through 12th grade. Although there is no one-size-fits-all curriculum for Ohio schools, the committee offered a number of examples of curriculum that could be used to meet this recommendation.
