>>> Forum to Promote Careers in Addiction, Mental Health Fields – April 24

The Ohio Department of Mental Health and Addiction Services (OhioMHAS) is hosting a student and provider workforce development forum on April 24 at Columbus State Community College. The forum agenda will highlight information regarding workforce need and benefits. Students will have the opportunity to network with providers and other attendees in the field. Prospective employers will discuss crisis needs in the field, career pathways, internship and career opportunities. Sheila Raye Charles is the featured forum speaker. Daughter of legendary icon Ray Charles, she is a powerful and dynamic advocate on recovery and the importance of an educated and skilled behavioral health workforce to address issues of addiction and recovery. Offsite colleges and universities are also invited to participate via live-stream to maximize local community engagement and outreach. For more information, contact Adreana Tartt at 614.466.9006 or Adreana.Tartt@mha.ohio.gov or Joseph Hill at 614.752.9702 or Joseph.Hill@mha.ohio.gov.

providers with specific evidence-based training that will help them meet the needs of those impacted by military service. Eligible providers who complete the training may be listed in a comprehensive public access provider registry that identifies them as having completed this training in military issues. The registry is a valuable resource for service members, veterans, families, and referring professionals in and outside the military.

Tier One training provides an introduction to military culture, information about the deployment cycle and the effect of the deployment cycle on service members and their families. The training is free to participants, and continuing education units (CEUs) may be earned at no cost. **Tier Two** trainings are a two-day, classroom based training. To attend a Tier Two training, you have to have completed Tier One training. **Tier Three** trainings offer behavioral health professionals specific clinical skills that focus on evidence-based treatment. To attend Tier Three trainings, you must be accepted into the registry and have completed Tier One and Tier Two. Learn more and register [HERE](#).
