>>> Nominations Sought: Howard H. Sokolov Forensic Mental Health Leadership Award

The OhioMHAS Forensic Services Bureau is accepting nominations for the [2015 Howard H. Sokolov Mental Health Leadership Award](#). Given in memory of Dr. Howard Sokolov, a pioneering psychiatrist and scholar who passed away in 2014, the award recognizes an individual or program that consistently demonstrates a commitment to excellence, recognition of dignity and worth of the consumer, security and safety of the community and dedication to providing quality forensic mental health services. Dr. Sokolov served as commissioner of the former Ohio Department of Mental Health in the 1970s and was instrumental in the development of Ohio's present-day forensic mental health system, including the establishment of community-based forensic evaluation centers and the creation of policies and procedures that govern the work in Ohio's six regional psychiatric hospitals. [Nominations](#) must be received by **Oct. 1**. The recipient will be announced in November at the annual OhioMHAS Forensic Conference. Questions? Please email Bob.Baker@mha.ohio.gov.

>>> SAMHSA Addressing Serious Mental Illness Webinars

The Substance Abuse and Mental Health Services Administration has announced four new webinar series, jointly entitled, [Addressing Serious Mental Illness: Effective Prevention, Treatment and Recovery Strategies](#). The free programs will be delivered May-August 2015 by partners in the Mental Health Block Grant Coalition.

- The [Peer Webinar Series](#) will focus on peer related issues such as a recovery oriented workforce, strategies for effective supervision, crisis service providers, and the varying roles of peers.
- The [Home and Community-Based Services \(HCBS\) Webinar Series](#) will focus on how the mental health community can help with transition plans for the new HCBS regulations and implementing self-directed care.
- The [Children's Webinar Series](#) will focus on children's related issues such as evidence-based practices and early interventions for children with SMI, expanding first episode psychosis programs and organizational approaches to effective trauma-informed services.

The [Criminal Justice Webinar Series](#) will focus on issues including forensic assertive community treatment, addressing the needs of people with SMI, and strengthening partnerships with county jails and community service providers.
