\* With the HIPAA required use of the 837P version 5010 on January 1, 2012, a diagnosis code and pointer are required on all claims. ODADAS has put "NDX" in the MACSIS diagnosis table to facilitate payment of "non-healthcare" type services.

Service Code Description	Former MACSIS Code (ODMH ODADAS)	Cert. Reference (see footnote 1)	Health Care or Non-Health Care	Code Description	Type of Code	Proposed time increment (blank= hourly)	Modifier 1 (used in pricing & adjudication)	Modifier 2 (used in pricing & adjudication)	Modifier 3 (information only)	Modifier 4 (Information only)	Diagnosis Required
AOD Services, NOC	A0760	3793:2-1-08(Z)	Non-Medicaid Health Care	Alcohol and/or Substance Abuse Services, Not Otherwise Classified	HCPCS H0047		HA, HF	Blank, 99, HD, H9			Yes, please use NDX

**Footnotes:**

- Updates to the Ohio Administrative Code may be necessary to properly align standard procedure code and definitions
- Modifier 1 and 2 will be used in the pricing and adjudication processes while Modifiers 3 and 4 (shaded area) will be for information purposes and CANNOT be used for pricing or adjudication.
- Certain services are designated as “non-client specific” and provider must use the “NDX” diagnosis code for billing.
- MARP has a special MACSIS service code assigned which is not part of this list and is limited to a single provider usage.
- Modifiers: HA: Child/adolescent Program; HF: Substance Abuse; HD: Women’s Program; 99: used as a placeholder; Blank is also acceptable only where designated.

\* With the HIPAA required use of the 837P version 5010 on January 1, 2012, a diagnosis code and pointer are required on all claims. ODADAS has put “NDX” in the MACSIS diagnosis table to facilitate payment of “non-healthcare” type services.
