SUBJECT: MITS Billing for Invega Sustenna & Zyprexa Relprev

ODJFS has implemented the solution in MITS to correct the issues associated with claims for Invega Sustenna submitted by community mental health centers. Claims for Invega Sustenna (J2426) and Zypreza Relprev (J2358) may now be rebilled through MITS. This solution is retroactive for claims beginning with a January 1, 2011 date of service. Therefore, providers should submit all claims with dates of service January 1, 2011 forward.
