**Title:** **Ex-Offender Reentry Mini Grants Request for Application (RFA)**

The Office of Forensic Services is pleased to announce the release of the Ex-Offender Reentry Mini Grants Request for Application (RFA). The purpose of the grants is to either expand a board area's capacity to serve individuals with severe mental illness/severe and persistent mental illness being released from an ODRC prison or to increase the services to this population. Applicants must be a board and it is preferred that applicants partner with other stakeholders who have traditionally served the criminal justice population such as a local reentry coalition.

All materials needed for applying are enclosed. If you have questions, please refer to the grant and the contact person identified therein. In addition, please pay close attention to the timelines as failure to meet the timelines will result in an application *not* being considered.
