

**Ohio Mental Health Consumer Outcomes System: Missing Data Report -- All Consumers 17
Individuals with Outcomes Ratings in the Statewide Database Compared to Individuals with Eligible Claims
October 1, 2006 to September 30, 2007**

The following table compares the number of individuals with Outcomes ratings in the statewide database to the number of individuals with eligible claims with service dates on or after October 1, 2006 and before or on September 30, 2007. This Report is based on Outcomes received as of January 7, 2008 and MACSIS claims received as of January 5, 2008. Each column in the table is described below.

Beginning from Missing Data Report -- 12 (published October, 2006), agencies which had been submitting Outcomes data with multiple UPIDs may have been rolled-up into one name and one UPID for each agency, depending on the needs and desires of the agencies involved and their boards. If you have any difficulty locating an agency name or UPID, please contact the Outcomes Support Team at outcome@mh.state.oh.us for further assistance.

This report is the first report in an ongoing series that presents the Outcomes submissions with all consumers receiving services from a service provider and for whom that service provider will be expected to submit an Outcomes assessment. The Outcomes assessments are broken down into the five Outcomes instruments (Adult Consumer Form, Adult Provider Form, Ohio Scales Short Form (Youth, Parent, and Worker versions) as highlighted in The Ohio Mental Health Consumer Outcomes System Procedural Manual (Eighth Edition) published January 2007. Please see the Missing Data Report Evolution document for a description of the rationale for the changes in the report (<http://www.mh.state.oh.us/oper/outcomes/reports/rpt.missing.data.evolution.pdf>).

Board--an alphabetical listing of the 50 board areas in the state of Ohio.

Agency Name--an alphabetical listing of the agencies within each board area.

UPID--the unique provider identifier associated with each agency.

Adult Consumer (A & B) Received--the number of individuals with at least one Adult Consumer Form A or Adult Consumer Form B rating * in the statewide Outcomes database with administration dates on or after October 1, 2006 and before or on September 30, 2007. In order to be included in this column, individuals had to have at least one Outcomes administration with at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" or demographic variables completed were not included.

* According to the recommendation from the Outcomes System Quality Improvement Group (OSQIG), beginning July 1, 2007, the Ohio Consumer Outcomes System will no longer use Adult Consumer Form B. All adult consumers should complete the Adult Consumer Form (formerly known as Adult Consumer Form A) at scheduled intervals.

Adult Consumer (A & B) Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 18 years of age and who had an eligible claim with a service date on or after October 1, 2006 and before or on September 30, 2007. Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. A service provider is expected to submit appropriate Outcomes assessment for all consumers receiving Outcomes eligible services at that agency.

In addition, individuals who had an Adult Consumer administration (Form A or Form B) but did not have an eligible Adult claim were added to the "Adult Consumer (A & B) Expected" column. Individuals with eligible claims will be exempted from the count of "Adult Consumer (A & B) Expected" if there is no valid "Adult Consumer (A & B) Received" but a valid Youth Outcomes administration was submitted instead with an administration date on or after October 1, 2006 and before or on September 30, 2007⁽¹⁾. (Also see sections on Youth Outcomes.)

Adult Consumer (A & B) % --the percentage of the number of individuals in the "Adult Consumer Received" column divided by the number of individuals in the "Adult Consumer Expected" column.

Provider Adult Received--the number of individuals with at least one Provider Adult Form rating in the statewide Outcomes database with an administration date on or after October 1, 2006 and before or on September 30, 2007. In order to be included in this column, individuals had to have at least one Outcomes administration with at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" or demographic variables completed were not included.

Provider Adult Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 18 years of age and who had an eligible claim with a service date on or after October 1, 2006 and before or on September 30, 2007. Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. Individuals who come to mental health agencies for resolution of short-term emotional problems who receive only individual/group Behavioral Health Counseling & Therapy either alone or in combination with Pharmacologic Management services are not required to have Provider Adult administrations. A service provider is expected to submit appropriate Outcomes assessment for all consumers receiving Outcomes eligible services at that agency.

In addition, individuals who had a Provider Adult administration but did not have an eligible Adult claim were added to the "Provider Adult Expected" column. Individuals with eligible claims will be exempted from the count of "Provider Adult Expected" if there is no valid "Provider Adult Received" but a valid Youth Outcomes administration was submitted instead with an administration date on or after October 1, 2006 and before or on September 30, 2007⁽¹⁾. (Also see sections on Youth Outcomes.)

Provider Adult % --the percentage of the number of individuals in the "Provider Adult Received" column divided by the number of individuals in the "Provider Adult Expected" column.

Ohio Scales Youth Received--the number of individuals with at least one Ohio Scales Youth rating in the statewide Outcomes database with an administration date on or after October 1, 2006 and before or on September 30, 2007. In order to be included in this column, individuals had to have at least one Outcomes administration with at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" or demographic variables completed were not included.

Ohio Scales Youth Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 12 and less than 18 years of age and who had an eligible claim with a service date on or after October 1, 2006 and before or on September 30, 2007. Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. A service provider is expected to submit appropriate Outcomes assessment for all consumers receiving Outcomes eligible services at that agency.

In addition, individuals who had an Ohio Scales Youth rating but did not have an eligible claim were added to the "Ohio Scales Youth Expected" column. Individuals with eligible claims will be exempted from the count of "Ohio Scales Youth Expected" if there is no valid "Ohio Scales Youth Received" but a valid Adult Outcomes administration was submitted instead with an administration date on or after October 1, 2006 and before or on September 30, 2007⁽¹⁾. (Also see sections on Adult Outcomes.)

Ohio Scales Youth %--the percentage of the number of individuals in the "Ohio Scales Youth Received" column divided by the number of individuals in the "Ohio Scales Youth Expected" column.

Ohio Scales Parent Received--the number of individuals with at least one Ohio Scales Parent rating in the statewide Outcomes database with an administration date on or after October 1, 2006 and before or on September 30, 2007. In order to be included in this column, individuals had to have at least one Outcomes administration with at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" or demographic variables completed were not included.

Ohio Scales Parent Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 5 and less than 18 years of age and who had an eligible claim with a service date on or after October 1, 2006 and before or on September 30, 2007. Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. A service provider is expected to submit appropriate Outcomes assessment for all consumers receiving Outcomes eligible services at that agency.

In addition, individuals who had an Ohio Scales Parent rating but did not have an eligible claim were added to the "Ohio Scales Parent Expected" column. Individuals with eligible claims will be exempted from the count of "Ohio Scales Parent Expected" if there is no valid "Ohio Scales Parent Received" but a valid Adult Outcomes administration was submitted instead with an administration date on or after October 1, 2006 and before or on September 30, 2007⁽¹⁾. (Also see sections on Adult Outcomes.)

Ohio Scales Parent %--the percentage of the number of individuals in the "Ohio Scales Parent Received" column divided by the number of individuals in the "Ohio Scales Parent Expected" column.

Ohio Scales Worker Received--the number of individuals with at least one Ohio Scales Worker rating in the statewide Outcomes database with an administration date on or after October 1, 2006 and before or on September 30, 2007. In order to be included in this column, individuals had to have at least one Outcomes administration with at least one actual Outcomes item completed; individuals with only the "Tracking Sheet" or demographic variables completed were not included.

Ohio Scales Worker Expected--the number of individuals from whom an Outcomes rating was expected assuming full local implementation of the Outcomes System. More specifically, the number of individuals who were at least 5 and less than 18 years of age and who had an eligible claim with a service date on or after October 1, 2006 and before or on September 30, 2007. Eligible claims were determined by the criteria set forth in The Ohio Mental Health Consumer Outcomes System: Procedural Manual, (Eighth Edition) page 3-2. A service provider is expected to submit appropriate Outcomes assessment for all consumers receiving Outcomes eligible services at that agency.

In addition, individuals who had an Ohio Scales Worker rating but did not have an eligible claim were added to the "Ohio Scales Worker Expected" column. Individuals with eligible claims will be exempted from the count of "Ohio Scales Worker Expected" if there is no valid "Ohio Scales Worker Received" but a valid Adult Outcomes administration was submitted instead with an administration date on or after October 1, 2006 and before or on September 30, 2007⁽¹⁾. (Also see sections on Adult Outcomes.)

Ohio Scales Worker %--the percentage of the number of individuals in the "Ohio Scales Worker Received" column divided by the number of individuals in the "Ohio Scales Worker Expected" column.

Note 1: In the case of both valid Adult Outcomes and valid Youth Outcomes being submitted for a consumer, individuals will be included in both the "Adult Outcomes Expected" and "Adult Outcomes Received" as well as the "Youth Outcomes Expected" and "Youth Outcomes Received" columns.

Note 2 : Please note that there are now three levels of algorithms used in producing the Missing Data Report. They are the Statewide algorithm, board-level algorithm, and the agency-level algorithm. The agency-level algorithm includes unique UCIs within an agency but allows duplication across agencies. If more than one agency submitted Outcomes for the same consumer, the consumer will be counted in each agency's Outcomes Expected and Outcomes Received columns respectively. The board-level algorithm includes unique UCIs within a board but allows duplication across boards. If more than one board submitted Outcomes for the same consumer, the consumer will be counted in each board's Outcomes Expected and Outcomes Received columns respectively. The Statewide algorithm includes unique UCIs in the whole Ohio Mental Health Consumer Outcomes System and no duplication is allowed. Since there are different levels of duplications allowed in these algorithms, the board-level Outcomes results will NOT be the sum of all agency Outcomes results within that board. Similarly, the Statewide Outcomes results will NOT be the sum of all board Outcomes results.
