## ASAM eLearning Modules

ASAM eLearning introduces the new edition of *The ASAM Criteria*, and provides opportunities to learn about and practice multidimensional assessment, service planning and level of care placement.

### Module 1: Multidimensional Assessment

Emphasizes assessment using the six dimensions of the ASAM Criteria.

### Module 2: From Assessment to Service Planning and Level of Care

Focuses on collaborating with clients on assessment and service planning to identify the best level of care.

### Module 3: Introduction of *The ASAM Criteria*

An orientation to and reference guide for *The ASAM Criteria* (3<sup>rd</sup> ed.).

## Interactive Journaling<sup>®</sup>

*Interactive Journaling*<sup>®</sup> is an evidence-based, structured and experiential writing process designed to guide and motivate individuals toward healthier and happier lives.

*Interactive Journaling*<sup>®</sup> emphasizes real-life application, encouraging participants to ask, "What does this mean to me?" Interactive Journals are accessible and engaging to a wide variety of users.
