Moved to Ineligible Residence	14
NF Admission (not confirmed if should have been Bed Hold)	3 (2 of whom were later deceased & not counted above)
NF Admission (longer than 90 day Bed Hold Period)	20
Jail/Prison	2
Redetermination Not Completed	2 (1 of whom later admitted to NF & not counted above)
Transferred to Assisted Living Waiver	8

**Please note that disenrollment information is for July, 1, 2012 – April 30, 2013.*

- Total disenrollments were 182 consumers (during July 1, 2012 – April 30, 2013), 75 of whom (41%) who were disenrolled without OhioMHAS contact.
- Of those 75 individuals, there are 20 consumers (or 11% of total known disenrollments; indicated in the shaded cells) for whom OhioMHAS could have intervened and possibly prevented disenrollment.
- Of those 20 consumers:
 - 14 could have been educated about selecting an RSS-eligible residence;
 - 3 may have been short term NF admissions and potentially continued on Bed Hold status;
 - 2 could have been contacted regarding how to complete the annual Medicaid financial eligibility redetermination; and
 - OhioMHAS was notified in time to advocate on the hospitalized individual's behalf to be re-enrolled.
