CORSA

CORSA in conjunction with the Buckeye State Sheriff's Association and NAMI Ohio provided 5 classes in 2015 for Corrections Officers that addressed potential signs and "red flags" regarding persons that may be at risk for some kind of mental health crisis while incarcerated. These were 3 hour sessions that had a total of 140 attendees and were done at no cost to the counties that sent personnel. It is hopeful classes of this nature may be continued in the future.

There is strong interest to promote CIT for law enforcement and corrections. CORSA recognizes the importance of CIT and desires to work with agencies involved with CIT to help bring this training forward at little or no cost. CORSA member counties receive a variety of free training throughout the year as well as policy work and development.
