Presenter reported no investigational uses of pharmaceutical products or medical devices during the presentations

### **It's Subtle, but Love is Integral to Psychiatry**

#### **Learning Objectives:**

At the completion of this training, participants will be able to:

1. Discuss the overlapping nature of the "nouns" of love
2. Recognize that the essence of psychotherapy is remarkably similar to the essence of adult love
3. Consider the idea that ordinary psychopathologies function as barriers to realizing love
