Section 2 – Program Abstract

The Program Abstract is a summary of the program. Information in this section should provide clear and concise information about the program: customers (target population) including number to be served, range of services/activities and change(s) in customer behaviors and/or conditions the program will achieve, name of intermediaries/collaborative entities and total program cost. Use no more than one typed page. The Program Abstract must be inserted as Section 2 of the OHIOMHAS grant application.
Section 3 – Program Plan

3A. Problem Statement/Documentation of Need
State clearly the specific problem(s) the program is designed to address. Include existing needs of the target population to be served. Focus directly upon the service area/locality of the program, rather than upon the general problems of the community. Goals and objectives that will be addressed in the implementation plan should correlate with the needs identified in this section.

3B. Target Population
Describe the population the project is designed to serve. Include demographics, (i.e., age ranges, gender, racial and ethnic background, detailed description where population frequents and resides, etc.) and environmental situations/conditions (i.e., family structure, school atmosphere, level and type of substance abuse, health status, cultural, language and gender issues, violence issues, involvement with corrections and human service agencies, etc.) specific to the population the project intends to serve.

3C. Implementing Agency
Describe the philosophy, mission and history of the implementing agency and how this applies to the proposed program. Describe the agency's capability to fulfill the services/activities proposed.

3D. Staffing Description
Describe the project work site and its accessibility to project participants. Document how the project staffing pattern reflects ethnic, racial and cultural relevance to the target population.

Insert the following documentation after staffing description:
1. Table of organization for the implementing agency.
2. Job descriptions (including qualifications) for members of the project staff.
3. Copy of any proposed contract(s) and/or other agreement(s) with consultant(s), if applicable.

3E. Implementation Plan
Provide the following in the order given: for each goal, list the related outcome objective(s), indicate the measurement to be used to assess if each outcome objective has been met, identify the activity(ies) to be completed to meet each outcome objective, and indicate the number to be served, time line and position of the person(s) responsible for each activity. Program activities should address the problem statements/needs identified and meet the goals and outcome objectives for the program.

Goal: A goal is a broad, general statement concerning what the program intends to accomplish.
**Outcome Objective:** An objective is a statement describing a specific result(s), time frame and measure (percent or count). Each objective should be linked to a goal. An outcome objective is designed to measure the desired change or effect of the program on the target population.

**Activity:** An activity is a specific action that helps to achieve the objective(s). For each activity, list the number of participants served, a time line to complete the activities and position(s) responsible for oversight of the activities.

**3F. Collaboration**
Is this project in collaboration with other entities/agencies? □ Yes □ No
If yes, describe how services will be linked with consumer needs and service delivery. Letters of commitment and/or memoranda of agreements from all the agencies involved must be inserted directly following this section.

**3G. Future Project Plans**
Will this project continue if funding is eliminated? □ Yes □ No
If yes, state specific plans to include time lines and documentation that support the continuation of the goals of this project.
Section 4 - Budget/Expenditure Form Instructions

An accurate SFY 2014 Budget/Expenditure Form must be completed with the grant application. Applicants can apply for no more than the amount listed on the OHIOMHAS Response to Request for Funding Letter. The form is designed for both preparing an initial budget and reporting actual expenditures. Volunteer services should be reported at the prevailing wage rate. Leave the grant program area and state grant number blank until an OHIOMHAS grant program area and number is assigned on your Notice of Award. Once a grant number is assigned, include the grant number on expenditure reports and budget revisions. The following five areas pertain to the columns on the budget/expenditure form:

A. Budget Categories – The line items for the grant program area’s planned budget.

B. OHIOMHAS Funds – The OHIOMHAS funds budgeted by budget category for the grant program area.

C. Other Funds - All other fund sources (other than OHIOMHAS) anticipated for the budget period, by budget category.

D. Total Funds – This includes the total of both the OHIOMHAS and Other Funds for the identified grant program area.

E. Totals – These are the totals for OHIOMHAS Funds, Other Funds, and Total Funds. Calculations are automatic in the Microsoft Excel Budget/Expenditure Form.

An example of a budget form has been included for your reference. The SFY 2014 Budget/Expenditure Form can be obtained from the OHIOMHAS website http://mha.ohio.gov/ at “Funding,” “Grants,” “Grant Guidance,” and “SFY 2014 One Time Grant Applications.” This form is available in Microsoft Excel and PDF format.

Section 5. – Budget Narrative Instructions

Identify the agency name and program title at the beginning of the Budget Narrative. Ensure that the budget narrative begins with identification and explanation of all anticipated sources of income. For each identified funding source, explain funding time frames and any applicable restrictions, anticipated client fees and in-kind sources for each grant. If applicable, Medicaid reimbursement should be identified by grant program area.

The “Other Funds” category must be explained by line item on the budget narrative. Provide documentation on how each line item of “Other Funds” budgeted was calculated. Please note: “Other funds” are required to be included in the Budget Form and Budget Narrative.

Any use of funds for equipment, furniture or computer software must be justified in terms of the relationship of the equipment, furniture or computer software to the program or activity. Justification to purchase equipment, furniture or computer software must be submitted to OHIOMHAS and include consideration of how the equipment, furniture or computer software will be used, why the purchase is necessary, how the cost was determined and why the program considers the cost reasonable. Funds cannot be expended for equipment, furniture or computer software until approved by the Department. Once approved, programs must submit a list of equipment purchased with OHIOMHAS grant funds during State Fiscal Year 2014 on the OHIOMHAS Equipment/Furniture Purchase Form. Please use this form to list the type of equipment/furniture, serial number, and cost for each item. Please submit this with the final expenditure report.

An example of a budget narrative has been included for your reference. A template of the Budget Narrative is available online at www.OhioMHAS.ohio.gov. Go to “Funding,” “Grants,” “Grant Guidance,” and “SFY 2014 One Time Grant Applications.”

Make sure you check for accuracy. Ensure the budget and budget narrative balance individually and to each other.
