

Promoting wellness and recovery

John R. Kasich, Governor • Tracy J. Plouck, Director • 30 E. Broad St. • Columbus, OH 43215 • (614) 466-2596 • mha.ohio.gov

April 12, 2017

The Ohio Department of Mental Health and Addiction Services is pleased to release the Grant Information for Applicants (GIFA) document for State Fiscal Year (SFY) 2018. This document is a list of grants by grantee and amount and further organized by project area. Department Project Leads are also listed. Allocations and other special funding will be addressed under separate cover. All funds federal and state awarded here are based on the availability to the department. Please note that individual amounts may be different than previous years based on amended or modified deliverables, outcomes, or other decisions associated with each award.

All programs and projects should be developed on a state fiscal year basis (SFY 2018, July 1, 2017 through June 30, 2018). All awards should be structured such that funds are expended to only pay liabilities incurred within this fiscal year. Program modifications/changes should be in coordination with your Project Lead.

Grantees will again be required to submit information to the Grant Funding Management System (GFMS). This system was initially implemented for all new grant applications beginning in SFY 17. It is important that grantees be familiar with GFMS. A previously recorded training session, along with other technical assistance and guidance on using GFMS can be found at <http://mha.ohio.gov/Default.aspx?tabid=147>.

GFMS will be available for SFY 2018 funding beginning **May 1, 2017**. In an effort streamline the application process and to assist current grantees who will be funded for the same grant again in SFY 18, the GFMS has been updated and your prior year's grant application submission(s) have been copied into the system for SFY 18. As a result, you will not need to submit a new application in its entirety, but rather provide updates to your application in the following areas:

1. Modifications to the Project Narrative;
2. Demographic changes to the FACE sheet;
3. Changes to Organizational Information and/or Federal Requirement sections that have occurred since last submission – Please contact the OhioMHAS HelpDesk at MHAShelpdesk@mha.ohio.gov to make updates to organization information;
4. Changes to the Project Area;
5. Updates to the Community Assessment (if applicable);
6. Changes in your service capacity areas since last submission;
7. Updates to staff descriptions and/or licenses that have occurred since last submission; and
8. Changes in the Implementation Plan, including Project Model/NOMS/Objectives/service & activities.

Please note that in addition to providing necessary updates in the areas above, you must submit a new line item budget along with a new budget narrative for SFY 18. Also, grantees must upload all needed signatures, and other requirement documentation in GFMS, such as an Annual Financial Reporting Audit. Please contact your Project Lead with specific questions related to updating your application for SFY 18.

The formal funding period for the following SAMSHA Grants ends in SFY 17: ENGAGE; Safe Schools Healthy Students (SSHS); CABHI; CABHI Enhancement; State Youth Treatment –Planning (SYT-P). Grantees receiving

these funds have been notified under separate communication and any funding associated with any carryover or extensions are not included in the SFY 18 GIFA.

The Department has not yet received the Notices of Award (NOA) for the following federal grants and therefore they are not included in the SFY 18 GIFA: PATH; SBIRT. When the Department is in receipt of the federal NOAs for each grant, separate communication will occur with those specific grantees to determine funding levels and deliverables.

As mentioned above, the Department will also be funding certain programs that have been designated as “allocation-type” and special programs. These types of funding are for programs specifically authorized in legislation or by OhioMHAS from specific fund sources. Similar to last year, these programs will use a slightly different application process in GFMS than grants, given requirements may differ. Programs in this category include those listed on Table 1, attached to this communication. Again, recipients of this type of funding will be contacted by the appropriate Department Project Lead.

Please note that the Department will also be funding various activities through purchase orders and contracts that are not considered grants and are therefore not included in the GIFA. Those funding mechanisms are processed through the OhioMHAS Bureau of Fiscal Operations. In addition, the GIFA does not include any grant opportunities that will be competitively bid in SFY 18 (e.g., Strong Families Safe Communities). Programs expected to be funded in 2018 but are not on this GIFA will need to be coordinated with the Project Lead.

*Funding for SFY 2018 is incumbent of all statutory provisions under the Ohio Revised Code, including but not limited to Section 126.07, have been complied with and until such time as all necessary funds are made available and forthcoming from the appropriate state agencies, and, when required such expenditure of funds is approved by the General Assembly and the Controlling Board of the State of Ohio or, in the event of federal funds, when funds have been made available to the department.

The Department Project Lead associated with your specific grant(s) will be contacting you to review your projected grant award(s), discuss deliverables, and address any questions you may have regarding the GFMS.

Table 1 - Allocation-Type Funding

Project Area	Fiscal Funding Source Name	OhioMHLeadName
Community Prevention	Prevention & Wellness	Molly Stone
Access Success	Operating Expenses	Todd Feasel
Addiction Treatment Program	Criminal Justice Services	Christopher Nicastro
ATR	Demonstration Grants - ATR	Alisia Clark
Community Transition Program	Addiction Services Partnership	Christopher Nicastro
DSA Housing	Mental Health Block Grant	Roma Barickman
FCFC	Behavioral Health Care	Tammy Payton
Probate Courts	Court Costs	Christopher Nicastro
Resident Trainees	Resident Trainees	Beth Ferguson
Specialized Dockets Payroll Subsidy	Specialized Docket Support	Christopher Nicastro
