

Coalition Communication: Behavioral Health

COVID-19 UPDATES

This fact sheet will provide resources about COVID-19 in Ohio. Look for it to be issued weekly.

Phase 1A remains open with an acknowledgement that vaccinating congregate care facilities will take more time.

Details for Phase 1B vaccinations announced

Tentative dates to start vaccinating these Phase 1B populations are:

- Jan. 19, 2021 – Ohioans 80 years of age and older.
- Jan. 25, 2021 – Ohioans 75 years of age and older; those with severe congenital or developmental disorders as outlined above.
- Feb. 1, 2021 – Ohioans 70 years of age and older; employees of K-12 schools that wish to remain or return to in-person or hybrid models.
- Feb. 8, 2021 – Ohioans 65 years of age and older.

When a new age group begins, vaccinations may not be complete for the previous age group. It will take a number of weeks to distribute all of the vaccine given the limited doses available.

[Vaccine.coronavirus.ohio.gov](https://vaccine.coronavirus.ohio.gov) is an online resource for Ohioans to learn which providers received a COVID-19 vaccine allotment and how to contact them. If you or someone you know is eligible to receive a vaccine in Phase 1B, they should use this tool. This is not a scheduling tool; it provides information only. Individuals should contact the provider directly to schedule a vaccination.

INDUSTRY INFORMATION

■ Everyone experiences stress - challenges with work, chronic disease, or an argument with a loved one. Confidential support is offered 24/7 by phone or text. Call the Ohio CareLine at **1-800-720-9616**, or text the keyword **"4hope"** to **741-741**.

KEY STATS

Data as of 1/14/2021

PUBLIC ADVISORY SYSTEM

21-DAY TRENDS

Case Average	7,316
Death Average	73
Hospitalization Average	293
ICU Admission Average	29

WE WANT TO HELP YOU!

SUGGESTED SOCIAL MEDIA POSTS

In the early phase of #COVID19 vaccinations, supply will be limited. As supply increases, the #COVID19 vaccines will be available to all Ohioans who choose to be vaccinated. Learn more <https://coronavirus.ohio.gov/vaccine>
[Suggested artwork: COVID-19 Vaccines: Ohio's Phased Approach](#)

Right now, vaccine supply is still limited. Until a substantial number of Ohioans can be vaccinated, proper prevention, like wearing masks & social distancing, will reduce your chance of being exposed to or spreading the virus during the pandemic. Don't let up. <https://coronavirus.ohio.gov/vaccine> #InThisTogether

Fact: You can't get COVID-19 from receiving a #COVID19 vaccine. Having symptoms like fever or soreness after you get a vaccine is a normal sign that your immune system is learning to fight the virus. See more myths vs. facts at <https://bit.ly/OHVaccineMyths>.

Trust the FACTS: #COVID19 vaccines don't implant you with tracking chips, give you #COVID19, cause autism, or alter your DNA. They are safe and effective. See more debunked myths at <https://bit.ly/OHVaccineMyths>.

After getting a #COVID19 vaccine, you should expect some side effects as your body creates an immune response. This is normal. See what else you should expect in this video from @CDCgov <https://www.youtube.com/watch?v=EILCpte7GSw>

TALKING POINTS FOR YOU

- vaccine.coronavirus.ohio.gov is an online resource for Ohioans to learn which providers received a COVID-19 vaccine allotment and how to contact them. If you or someone you know is eligible to receive a vaccine in Phase 1B, they should use this tool. This is not a scheduling tool; it provides information only. Individuals should contact the provider directly to schedule a vaccination.
- The goals of Ohio's COVID-19 vaccination program is to save lives and to allow students to return to in-person learning; therefore, while the vaccine supply is extremely limited, priority will be given to Ohio's most vulnerable residents and school personnel who commit to remaining open or reopening schools full time or in a hybrid model by March 1st.
- While there is no mandate to receive a vaccine, vaccinations are extremely limited. Ohioans should be aware that, due to shortages, anyone who declines the vaccine at their first opportunity may not have another chance to receive it for some time.

HOW YOU CAN HELP

- ✓ Set a good example, by wearing a mask, making virtual accommodations, and maintaining social distance when meeting face-to-face with others.
- ✓ Post on social media to describe how you are working to keep your employees and customers safe (and what they can do to help you maintain a safe environment) using the suggested hashtags.
- ✓ Submit letters to the editor or local news outlets that support the "COVID-19 Key Messages;" wear a mask, wash hands often, and social distance.
