RE: OBHIS Implementation

The Ohio Department of Mental Health and Addiction Services has developed a new data collection system to comply with the requirements of the Substance Abuse Prevention and Treatment (SAPT) and Mental Health Block Grants. Currently, providers use the OHBH system to capture the required data. The Ohio Behavioral Health Information System (OBHIS) is the Department's upgrade to this system.

The Department will be launching the new OBHIS platform on October 1, 2020. The current OHBH system will remain operational until that date. On October 1, 2020, and after, all new client information will be entered into the new OBHIS platform.

To prepare providers, boards, and stakeholders for the launch of OBHIS, a series of trainings have been scheduled. There are three (3) presentations that have already been recorded and placed onto the OBHIS webpage. They are as follows:

1. Introduction to OBHIS: https://www.youtube.com/watch?v=NEU-UHiPcBQ&feature=youtu.be
2. Introduction to OBHIS Batch Upload with User Interface: https://www.youtube.com/watch?v=6hPBER-7TSQ&feature=youtu.be
3. Introduction to OBHIS Manual Data Entry with User Interface: https://www.youtube.com/watch?v=MctrPZCSv2Q&feature=youtu.be

The calendar of additional trainings follows on the next page.

If you cannot attend these trainings, they will be recorded and put on the OBHIS webpage at: https://mha.ohio.gov/Health-Professionals/Behavioral-Health-Data-Reporting/OBHIS.

Additionally, the Office of Quality, Planning and Research will be providing ongoing training and technical assistance to ensure a smooth transition from OHBH to the new OBHIS platform. The Department wants to take this opportunity to work closely with all providers and stakeholders in a planful approach to implementing this new system. If you have any questions, please contact the OBHIS Administration team at OBHISadmin@mha.ohio.gov.

(information continues next page)
