---

---

---

---

## Defining Ethics

- What it's not:
  - Our feelings
  - Religion
  - Laws
  - What society "accepts"

4

---

---

---

---

---

---

---

---

## Defining Ethics

- Principles and standards that govern a person's or group's behavior
- Rules of behavior based on ideas about what is good or bad, right or wrong
- A guiding philosophy

---

---

---

---

---

---

---

---

## Defining Forensic Practice / Clinician

- Professional practice
- By *any* clinician
- Within *any* sub-discipline
- Applying knowledge of that discipline to the law
- To assist in addressing legal, contractual, or administrative matters
- In the case *at hand*

9

---

---

---

---

---

---

---

---

## Laws, Rules, and Codes

- There is much overlap between laws, administrative rules, and professional codes of conduct.
- Each may cite to the other.
- Administrative rules, for example, are written statements of law adopted by an administrative agency pursuant to authority granted by the General Assembly to carry out the policies and intent of a statute enacted by the General Assembly
