

# Opiate Possession Charges per 10,000 Persons

Ohio Incident-Based Reporting System - 2013

## Legend

## Map Information:

This map displays opiate possession charges (i.e., Rx opioid and heroin) per 10,000 persons by county. In 2013 there were 5,115 charges for opiate possession across the state. Montgomery (25.3), Summit (16.7) and Champaign (13.5) counties had the highest rates of opiate possession charges per 10,000 persons. Allen, Coshocton, Fulton, Guernsey, Putnam, Union and Williams counties reported few arrests for opiate possession. Six other counties reported no charges for opiate possession, likely the result of not submitting possession data in 2013.

Note: Alcohol, Drug Addiction and Mental Health Services (ADAMHS) Boards have black borders, and counties have white borders. Borders are black in cases where ADAMHS boards and counties have the same borders.
