

Opiate Possession Charges per 10,000 Persons

Ohio Incident-Based Reporting System - 2014

Legend

Map Information:

This map displays opiate possession charges (i.e., Rx opioid and heroin) per 10,000 persons by county. In 2014 there were 5,562 charges for opiate possession across the state. Van Wert (24.9), Montgomery (22.4) and Summit (19.6) counties had the highest rates of opiate possession charges per 10,000 persons. Coshocton, Guernsey, Morgan, Putnam, Vinton and Williams counties reported few arrests for opiate possession. Six other counties reported no charges for opiate possession, likely the result of not submitting possession data in 2014.

Note: Alcohol, Drug Addiction and Mental Health Services (ADAMHS) Boards have black borders, and counties have white borders. Borders are black in cases where ADAMHS boards and counties have the same borders.
