>>> Residential State Supplement Program Proposed Rule Actions

In conjunction with the Ohio Department of Medicaid, OhioMHAS is updating the rules implementing the Residential State Supplement program (RSS.) As part of this update, the OhioMHAS rules will reflect a new allowable fee and personal needs standard. Allowable fees for RSS living arrangements are increased to \$1,100 a month for all living arrangements, at the same time the personal needs allowance is being standardized to \$200 per month. The rules are also being updated to be consistent with the application process used in conjunction with the Department of Medicaid. Due to the amount of change in the rules, the rules are being rescinded and refiled as new. The proposed rule actions are listed below. More information regarding the proposed changes can be found at: <http://mha.ohio.gov/Default.aspx?tabid=251>. Please review the draft changes and send comments to MH-SOT-rules@mha.ohio.gov by **Oct. 14**.
