

Question and Answers - FY2019 RFA - Ohio MAT PDOA Project (MHA-19-QPR-MAT-51)

Q1 Was funding provided to a vendor to collect and report GPRA measures in year 1 of this project?

A. 1 = No.

Q. 2 If we have a federally negotiated Facilities and Administrative Fee rate that is applied to the modified total direct costs of a project. This expense covers categories such as space, utilities, etc. that cannot be easily identified to allocate to a project. I do not see anywhere in the RFP or budget template that allows F&A or overhead, although when we submit to SAMHSA, it is considered an allowable expense and accepted. Please let me know if this would be an allowable expense for this submission, and if so, where it would go on the budget form as there is not an "other" category for something that is not listed.

A. 2 = "All federally approved F&A rates will be approved with submission of documentation of the rate from the federal body issuing the approval"
