

# COVID-19 Update

## VACCINATION UPDATE

**NEW Vaccination Phases: Phase 1D and Phase 2B:** Phase 1D ([graphic](#)) includes Ohioans with type 2 diabetes and end-stage renal disease.

Phase 2B ([graphic](#)) includes Ohioans aged 50 and older.

**NEW Vaccination Scheduling Tool:** Ohio's new centralized scheduling website will help Ohioans confirm they are eligible to be vaccinated, identify nearby providers, and schedule their vaccine appointments. Visit [gettheshot.coronavirus.ohio.gov](http://gettheshot.coronavirus.ohio.gov).

**Mass Vaccination Sites:** Beginning March 17, Cleveland will have an eight-week mass vaccination clinic with the capacity to administer 6,000 COVID-19 vaccines a day. Visit [governor.ohio.gov](http://governor.ohio.gov) for more information.

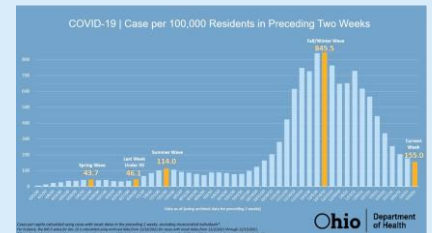

Beginning March 18, Columbus and Cincinnati will both open a pop-up mass vaccination site. Visit [governor.ohio.gov](http://governor.ohio.gov) for more information.

Additionally, there will be 15 permanent state-sponsored mass vaccination clinics. Visit [coronavirus.ohio.gov](http://coronavirus.ohio.gov) for more information.

## COVID-19 SAFETY UPDATE

**Updated Health Orders:** ODH has updated health orders regarding [mass gatherings](#), and [sports and entertainment](#). Additionally, ODH issued a revised order that allows for the reopening of [fair activities](#) if certain health conditions are met.

**Statewide Case Rate:** Ohio is currently at a statewide rate of 155 cases of COVID-19 per 100,000 people during the past two weeks. Last week, statewide data put Ohio at 180 cases per 100,000 people (*see incidence graphic on page 1*).

Governor DeWine recently gave a [statewide address](#), urging Ohioans to remain committed to fighting COVID-19. He also announced that when Ohio reaches 50 cases per 100,000 people for two weeks, all health orders will be lifted.

**Rapid testing:** Ohio is making available at-home COVID-19 tests that can be self-administered outside a healthcare setting using telehealth services. Visit [coronavirus.ohio.gov](https://coronavirus.ohio.gov) for more information.

## TALKING POINTS FOR YOU

- The COVID-19 vaccines have been tested rigorously and are safe. The decision to receive a vaccine is a personal choice, but *[INSERT ORGANIZATION NAME]* hopes you choose to receive it when you are eligible.
- One of the goals of Ohio's vaccination plan is to make sure that every Ohioan has nearby access to a vaccine provider no matter where they live in our state. There are providers in all 88 counties, and soon, 15 mass vaccination sites will be opening across the state.
- As more Ohioans receive the COVID-19 vaccine, it's important that we do not let up. We need to continue to wear our masks, stay socially distanced, and wash our hands frequently.

## SUGGESTED SOCIAL MEDIA POSTS

**Don't hesitate. Vaccinate.** COVID-19 vaccines are safe, effective, and rigorously tested. Encourage your family and friends to get the vaccine when it's their turn. <https://www.youtube.com/watch?v=TI84NeQ9skc> #InThisTogetherOhio
